Dear Michael,

Thank you so much for Jemmasina's Reminiscences. I thoroughly enjoyed reading them and found them most interesting. I knew her daughters and their families. Win Woodley was like a grandmother to my two sons. At one stage she lived with us for almost a year before she moved to Johannesburg to live with Doris (Dodie). I occasionally see Elizabeth and Winifred and correspond with Dorette at Christmas time.

The Carmichael name has been carried down in our family, my husband's name was Carmichael and one of my grandsons is named Christopher Carmichael Moore.

My niece Tessa (John Moore's daughter) is very interested in the family history and I'm lending her Jemmasina's Reminiscences, no doubt she will be writing to you for more information. Sadly, Felicity, Tessa's mother has Alzheimer's Disease, she is living with Tessa and Peter.

I'm spending Christmas and New Year with my eldest son John and his wife at a little village, Barrydale, in the Little Karoo. They have just bought a small holding which has about 200 fruit trees. They hope to retire there, in a few years time. John is a Professor of Exploration and Mining Geology and has many overseas post graduate students. At the moment he has taken a Sabbatical leave, spends time on his holding between working, lecturing at Cape Town University and visiting Barrydale which is about 2 1/2 hours drive from Cape Town. My other son, has 3 small children, lives quite close to me in the suburb of Plumstead.

I hope all is well with you, your family and your Mother, have a blessed Christmas and a very happy New

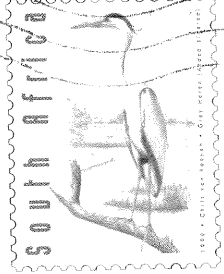

Year.

with my love

Mary.
